# Information Technology Staffing Capability Statement

## Core Competencies

### IT Staffing Services (Contract / Contract to Hire)

Provide contract professionals to support projects, contracts or supplement efforts of your internal staff in order to contain costs and handle overflow work.

### Direct Placement

Your 'go-to' for qualified professionals for key positions allowing clients and the individuals we place to embark on a long-term, successful business relationship.

### Custom Application Development

Our knowledge of SDLC and current development methodologies and technologies make us an ideal candidate for developing your custom mobile and enterprise applications.

### Project Management

Leverage our network of skilled and certified PM resources to oversee your projects and project portfolios.

## About Us

LevelUp Force is a leading Minority-Owned, SBA Certified firm specializing in bringing you best-in-breed information technology staffing experience...information technology staffing by IT professionals.

With locations in Laurel, MD and Research Triangle Park, NC, our founders have over forty years of combined experience in information technology and related fields. We understand the day-to-day challenges CIOs face and the staffing demands in implementing large projects or simply running your day-to-day operations. We maintain an expert-level recruiting team and can assist with these challenges.
